Suryaflame is a Registered Trademark since 1990

The Malhotra Group of Companies are a renowned manufacturers worldwide for high-end kitchen appliances, gas stoves and gas burners, which are fabricated using the latest manufacturing techniques to match international standards. With a the production facility of 10000 stoves & 5000 mixer grinders per day at the plant based in Haryana, India. The diversified product range encompasses one burner, two burners, three burners, four burners & five burners gas stoves in designer glass and premium quality stainless steel utensils and various models of mixer grinders from 500w to 1000w.

The group has been providing top-quality gas stoves, burners and kitchen appliances for over 42 years. We have conceptualized highly efficient thermal technology in LPG stoves and brilliantly branded LPG stoves with Hindustan Petroleum Corporation Ltd, Bharat Petroleum Corporation Ltd, and Indian Oil Corporation Ltd. We are manufacturing for many OEM brands other than our own brand "Suryaflame". We are the first company in India to produce BIS certified PNG stoves.

A quality product of Malhotra Group Company is sold every 3 seconds in the market. The vibrant group of enthusiastic technocrats with their third generation working dedicatedly towards achieving great heights in the global market surpassing the traditional barriers of business.

Hammer tone finish pan support with forged brass burners

For ultra-tough build and optimum performance Apollo GT square is fitted with Hammertone finished pan support and the Apollo GT round comes with MS pan supports. These pan supports are more durable than regular pan supports and looks attractive. Forged burner with a powerful mechanism gives out a high-intensity blue flame to quickly reach the optimum forging temperature with low fuel consumption. It reduces fuel wastage and increases efficiency.

Hybrid design

Design is the sector where the Apollo series shines the most, it looks like a hob top but fits very easily in your cooking area just like a regular cooktop, this character makes it unique. It has been designed keeping in mind the convenience of the user. Industry-standard highest quality material has been used to make this product aesthetically appealing with the highest quality fittings.

Hand picked materials

Choosing materials is one of the most important steps for cooktop manufacturing, at Suryaflame we make sure to give you the best of it. All parts like metal knobs, antiskid legs, connection pipes are manufactured in-house & goes through several quality checks before installation which makes sure you get the best in your hand. These materials last long and stay beautiful for years. This helped us to be the most trusted brand for 42 years.

Strong Build with Powerful Motor

for a strong build and longer lifespan we use appropriate material for outer body shell. Along with strong build it also looks beautiful and blends nicely with any kitchen interior. The robust motor with high suction capacity is the most important component for the chimney and we make sure its top of the line, so that your cooking experience get better for years.

Advanced Gesture Control

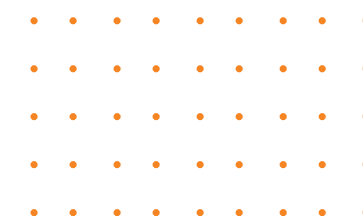

In today's life convenience is the most important and we understand that. Keeping that in mind we have introduced the hand gesture feature on our kitchen chimney. It's easy to use and understands your hand movement without failure so that you can enjoy a better cooking experience. Just move your hand from left to right and it starts reacting.

Design & Material

Modern design and high quality material helps our kitchen chimneys to stand out of the crowd. Our design team have done an excellent job with the design and choosing the material. Every small part has gone through several tests before assembling that make sure you get the best out of it.

Fine quality Mixer Grinders for finest grinding

Best in Class Copper & Hybrid Motor

Power it up and this will surprise you with it's ability. To take complete control on the quality we manufacture the motor inhouse. Starting from the material selection, part selection & binding, every step is taken care by our expert team for optimum performance. More on we provide warranty and doorstep service for complete peace of mind.

High Quality Build

High quality ABS plastic is our first preference when it comes to body material selection. This material gives a robust build quality & good quality finishing. Material is tried and tested and for years and we have got very possitive feedbacks from our existing consumers.

Top Quality SS Jars

The uniquely designed stainless steel jars and blade combination gives proper flow to the ingredients for better grinding.

- High quality motor for long life
- Different speed controls with incher
- Different jars for different operation
- Pvc 6 amp 3 pin 3 core power cord
- Vacuum pads for easy operation
- Food graded gasket
- Ergonomic build
- Easy to clean & maintain
- Sleek design that looks good

MIXER GRINDER & JUICER

5 YEARS ON
MOTOR

RHINO JMG-1000W C

Special Features

- 1000w powerful copper motor
- Double ball bearing
- Aluminium die cast socket
- 21000 RPM
- Clip type PC lid
- Insulation class "F"
- 18g food grade SS jar
- Food grade SS blade and gasket
- Nylon glass-field socket
- Power cord - 3 pin 3 core pvc with 16 amps with ISI marking

EXTRA WARRANTY
5 YEARS ON
MOTOR

DYNAMITE JMG-900W C

Special Features

- 900w powerful 100% copper motor
- 20000 RPM
- 2 jar set (PC & SS jar)
- Multipurpose Jar usage
- 360° rotateable knob
- SS 304 juice jar filter
- Nylon glass-field socket
- Power cord - 3 pin 3 core pvc with 16 amps with ISI marking

MIXER GRINDER

EXTRA WARRANTY
5 YEARS ON
MOTOR

BLACK THUNDER MG-750W C

Special Features

- 750w 100% copper motor
- 19000 RPM
- 3 SS jars set
- Power cord - 3 pin 3 core pvc with 6 amps with ISI mark

EXTRA WARRANTY
5 YEARS ON
MOTOR

FLASH MG-750W C

Special Features

- 750w 100% copper motor
- 19000 RPM
- 4 jars set (PC & SS jar)
- Power cord - 3 pin 3 core pvc with 6 amps with ISI marking

Available in 3 Jars model also.

MIXER GRINDER

SUPERB MG-750W C

Special Features

- 750w 100% copper motor
- 19000 RPM
- 3 SS jars set
- Power cord - 3 pin 3 core pvc with 6 amps with ISI mark

MIXER GRINDER

RED THUNDER MG-750W H

Special Features

- 750w powerful hybrid motor
- 18000 RPM
- 3 SS jars set
- Power cord - 3 pin 3 core pvc with 6 amps with ISI marking

LEGEND PLUS MG-750W C

Special Features

- 750w 100% copper motor
- 19000 RPM
- 3 SS jars set
- Power cord - 3 pin 3 core pvc with 6 amps with ISI mark

LEGEND MG-750W H

Special Features

- 750w powerful hybrid motor
- 18000 RPM
- 3 SS jars set
- Power cord - 3 pin 3 core pvc with 6 amps with ISI marking

Available in 3 Jars model also.

MIXER GRINDER

TORNADO MG-750W H

Special Features

- 750w powerful hybrid motor
- 19000 RPM
- 3 SS jars set
- Power cord - 3 pin 3 core pvc with 6 amps with ISI marking

MIXER GRINDER

KITCHEN KING MG-550W H

Special Features

- 550w powerful hybrid motor
- 18000 RPM
- 3 SS jars set
- Power cord - 3 pin 3 core pvc with 6 amps with ISI marking

Available in 2 Jars model also.

STORM MG-550W H

Special Features

- 550w powerful hybrid motor
- 18000 RPM
- 3 SS jars set
- Power cord - 3 pin 3 core pvc with 6 amps with ISI marking

Available in 2 Jars model also.

TWISTER MG-550W H

Special Features

- 550w powerful hybrid motor
- 18000 RPM
- 3 SS jars set
- Power cord - 3 pin 3 core pvc with 6 amps with ISI marking

Available in 2 Jars model also.

MIXER GRINDER

SPEED MG-550W H

Special Features

- 550w powerful hybrid motor
- 18000 RPM
- 3 SS jars set
- Power cord - 3 pin 3 core pvc with 6 amps with ISI marking

Available in 2 Jars model also.

MIXER GRINDER

CRUSH MG-500W H

Special Features

- 500w powerful hybrid motor
- 18000 RPM
- 3 SS jars set
- Power cord - 3 pin 3 core pvc with 6 amps with ISI marking

Available in 2 Jars model also.

KITCHEN QUEEN MG-500W H

Special Features

- 500w powerful hybrid motor
- 18000 RPM
- 3 SS jars set
- Power cord - 3 pin 3 core pvc with 6 amps with ISI marking

Available in 2 Jars model also.

PRINCE MG-500W H

Special Features

- 500w powerful hybrid motor
- 18000 RPM
- 3 SS jars set
- Power cord - 3 pin 3 core pvc with 6 amps with ISI marking

Available in 2 Jars model also.

HOSE PIPE

RUBBER HOSE PIPE (1.5m) BLISTER PACK

Triple Layer Steel Wire Reinforced

Features:

- Fire resistant
- Leak proof
- Grips nozzle strongly
- Highly flexible
- Pressure tested

RUBBER HOSE PIPE (1.5m) BLISTER PACK

Steel Wire Reinforced

Features:

- Fire resistant
- Leak proof
- Grips nozzle strongly
- Highly flexible
- Pressure tested

RUBBER HOSE PIPE (1.5m) GREEN RUBBER

Plain Rubber Tube without any Winding

Rigorously Tested for:

- Workmanship & Finish
- Grip Strength Test
- Pressure Test
- Accelerated Sgeing Test
- Crushing Test
- Resistant to Pentane
- Resistant to Ozone

KITCHEN ESSENTIALS
